# Spanish For Preschoolers

## Capture the opportunity in your child's development!

-Studies have proven that the optimal time to introduce foreign language skills is at an early age!

-Children at the preschool level absorb a foreign vocabulary as if they were learning new words in English. There is no translation factor - only absorption!

-Preschool-aged children have flexibility with their tongues enabling them to pronounce foreign words with proper enunciation and accentuation!

SPANISH FOR PRESCHOOLERS is a fun and interactive program designed specifically for 3-5 year olds. Lesson plans incorporate a Spanish vocabulary through diverse methods including nursery rhymes, puppet shows, felt boards and lots of singing and dancing! Children complete the course with knowledge of counting in Spanish, days of the week, basic greetings and phrases, identifying animals, body parts, clothing and colors all in Spanish.

*Classes will be taught by the CultureKids Teaching Team. Founded in 1999, CultureKids has been teaching students to speak the Spanish language. Offering unique and innovative curriculums, each program utilizes diverse teaching methods to include games and activities to introduce basic Spanish vocabulary. CultureKids program offerings include: Spanish For Preschoolers, Spanish For The Elementary Years and Spanish Cultural Camp. Visit us on the web at [www.CultureKidsClub.com](http://www.CultureKidsClub.com).*

Spanish For Preschoolers continues at  
Amherst Nursery School!
